Institutional Support / Author [Cristóbal Cobo, PhD]

This academic project is financed by the Economic and Social Research Council (ESRC) and the Social Science Research Council (SSRC) through the programme ESRC/SSRC Collaborative Visiting Fellowships in order to promote the collaborations between researchers in the UK and the Americas.

Both institutions support the research: "Strategies to promote the development of e-competences. How to reduce the gap between the e-skilled and the non e-skilled?" [visit project].

The hosting institution for this study is the Centre on Skills, Knowledge and Organisational Performance (SKOPE) located at the Department of Education, the University Oxford.

Also, the Latin American Faculty of Social Sciences in Mexico (FLACSO-Mexico) and the Leapfrog Institutes at the University of Minnesota have contributed to make this research possible.
